FOODSERVICE

The Better Way

At T. Marzetti, we believe that it's not about being the best, it's about being better than you were yesterday. We don't rest on the laurels of yesterday's achievements. When we develop a good product, we're always thinking about the little tweaks that could make it cleaner, easier, tastier, better. When we help solve a customer's problem, we think ahead to prevent the next one.

Striving for better is the T. Marzetti way.

Past to

PRESENT

In 1896, Teresa Marzetti opened a restaurant in Columbus, Ohio with a focus on making better food. In 1940 the iconic Marzetti Restaurant opened across from the Ohio State capitol building and soon became a four-star restaurant and legend in Midwest dining. The restaurant's salad dressings became so popular they started bottling them for sale.

Today we remain focused on enabling restaurants to serve better food. We innovate and collaborate with leading national restaurant chains in decades-long partnerships. We also have an extensive branded portfolio of sauces, dressing, rolls and frozen pasta available from foodservice distributors.

“What you will love about the T. Marzetti foodservice team is that we continuously strive to serve you better. As individuals, and as a team, we are committed to pursuing better for you.”

- Kristin Bird
President Foodservice

Beyond developing consumer-loved retail products, we serve all foodservice channels from independent and chain restaurants to on-site operations such as education and hospitality. We've developed brands that have won loyal fans over years of tireless innovation. We've only just begun.

Exceptional flavor is no accident. Our culinary, food science and R&D teams diligently innovate, develop, test and perfect every product recipe. This process ensures we always deliver quality that keeps guests coming back with the convenience that fast-paced foodservice operations demand.

DRESSINGS AND SAUCES

- + Refrigerated and shelf-stable options
- + World-famous, trend-savvy, flavor-forward

BREAD AND ROLLS

- + Simple prep, satisfying taste
- + Ready-to-serve, heat-and-serve options

our INNOVATION

IDEATION & INSIGHTS

We use trend data, insights, sensory research and your vision to guide our ideation journey.

INNOVATION

Our culinary teams take emerging concepts and holistic industry knowledge and translate both into inspired new products.

DEVELOPMENT

Rapid prototyping to develop unique, bold and on-trend flavors in commercial formulations that meet consumer and operational demand.

TESTING

Using our dedicated Pilot Plant for process validation, our Q&A and technical services teams get to work ensuring compliance with nutritional and ingredient statement labeling and food safety. Our food scientists ensure that approved samples translate into successful manufactured products.

Jack Cory, Chris Domanik, Joe Ciaciura and Sandra Bichsel

“Our dedicated teams of food scientists and chefs are passionate about working with you to understand your needs in order to develop an innovative customized sauce or dressing solution that your consumers will crave.”

– *Sandra Bichsel*
Director of Foodservice R&D

**Our inspiring, state-of-the art
Innovation Center opened in 2019.**

- + OVER 45,000 SQUARE FEET OF DEVELOPMENT

- + SENSORY LAB & CONSUMER PANELS FOR TESTING**

Our caring and committed support teams get to know you and your business.

CUSTOMER TEAM

With over 100 years of combined experience, our sales team understands the foodservice business. We are known for creating better long-lasting relationships with our customers and delivering unmatched support.

MARKETING TEAM

Our customers consider our marketing team an extension of their business. They work in partnership with our sales team and customers to provide unique support and insights that make your business better.

- + Driving proactive & customer-driven innovation/renovation
- + Leveraging consumer and industry insights and market trends to identify new activation opportunities while increasing consumption across foodservice
- + Bringing products from concept to launch
- + Ongoing product and portfolio management

our FACILITIES

We've invested in manufacturing facilities to support your growth.

BUILT FOR BETTER

Making better products not only takes food science, culinary craft and technical expertise—it requires updated facilities that can manufacture efficiently and reliably.

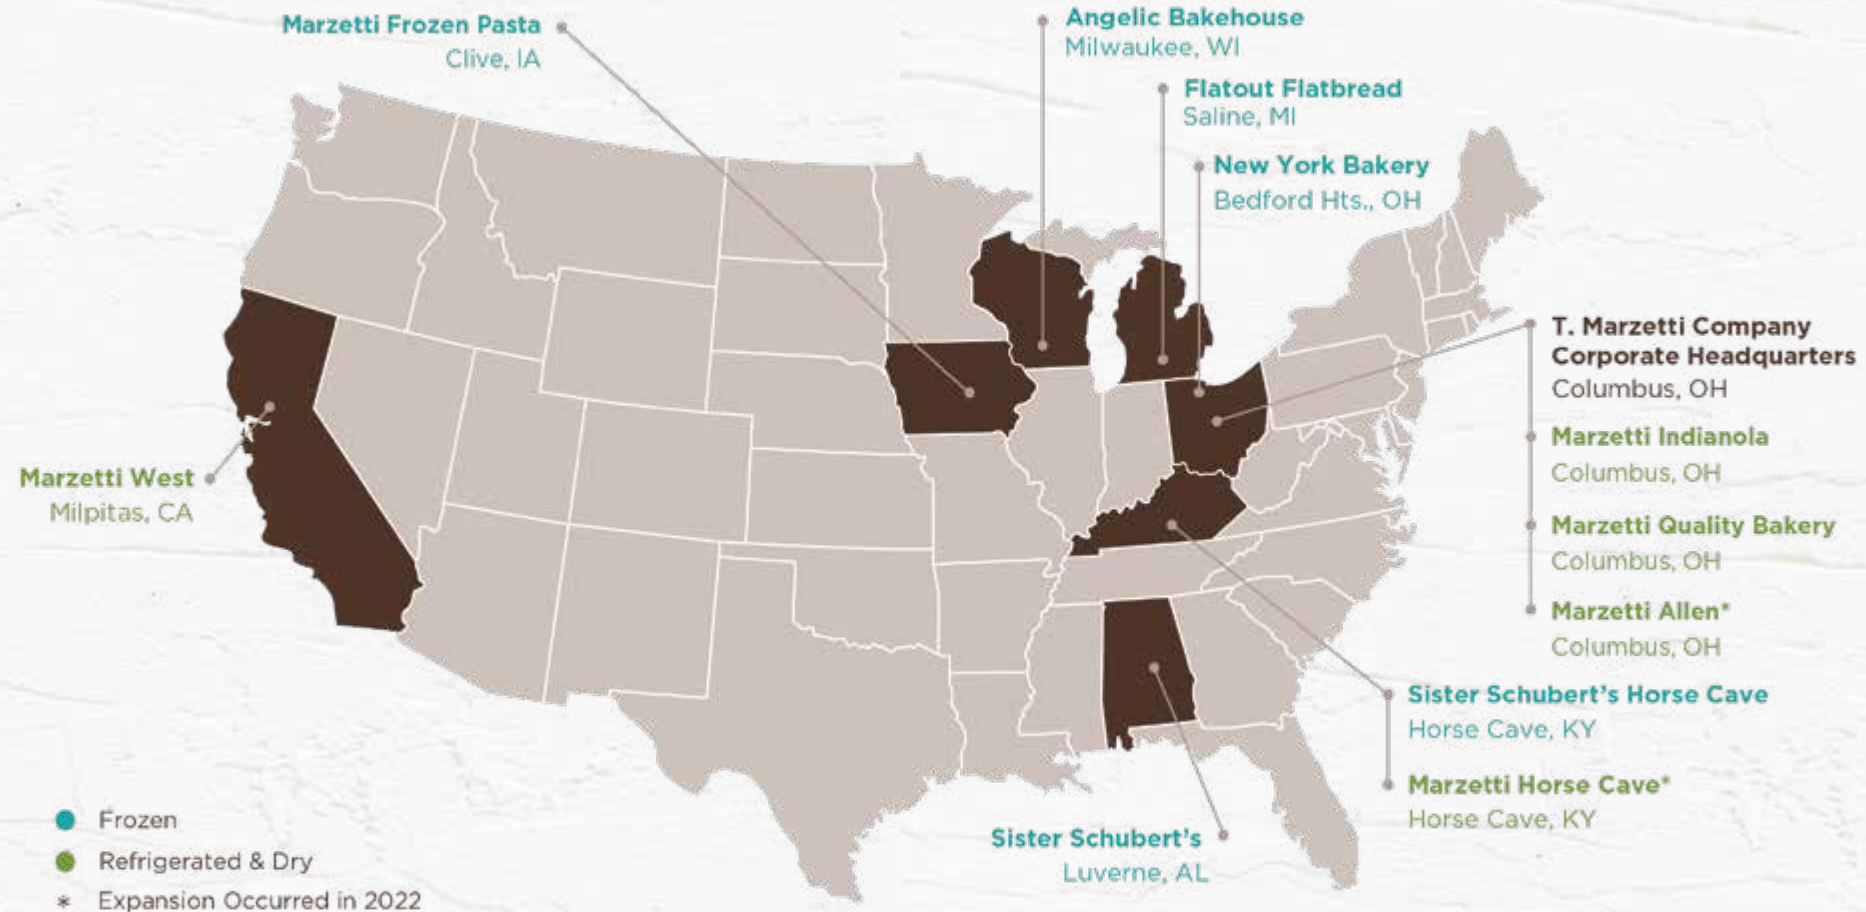

INVESTING IN GROWTH

Investing for growth and anticipating your needs, we have devoted over **\$300 million** in the last three years to expanding and updating our manufacturing network.

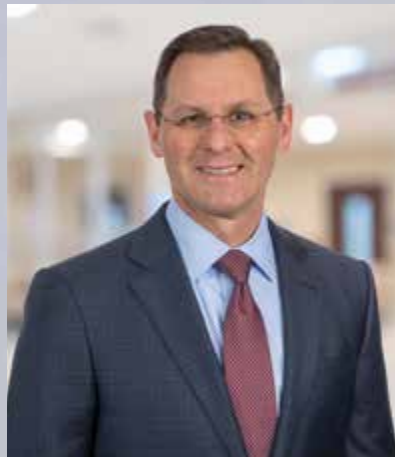

our MANUFACTURING FACILITIES

Our Vision

OUR AMBITION IS TO BECOME THE BETTER FOOD COMPANY. THAT MEANS BRINGING TOGETHER BETTER PEOPLE WHO MAKE BETTER PRODUCTS IN A BETTER CORPORATE CULTURE, AND WHO WORK IN UNISON TO MAKE THE WORLD A LITTLE BIT BETTER EVERY DAY.

“We stand ready to collaborate, shoulder-to-shoulder, with your culinary, supply chain and marketing teams to help you grow your business and delight your customers.”

– David Ciesinski

President & CEO Lancaster Colony

T. Marzetti parent company is Lancaster Colony Company, a public company (Symbol: LANC). Fiscal year 2022 sales for retail and foodservice of \$1.7 billion.

We are dedicated to creating a better world.

Part of that is better understanding and mitigating our impacts on the environment. Beyond the environment, our commitment to a better world extends directly into the hearts of the people who live in the communities where we operate. We believe that the world is better only when we do things for others that make it so.

CORPORATE
Transparency and ethical partnership

ECONOMIC
Solving problems of today and tomorrow

ENVIRONMENTAL
Meaningful goals around water, energy, emissions & waste

SOCIAL
Safety, transparency, accountability and employee advancement

Clarence Mingo
Vice President Corporate Affairs & ESG
